

MOHAMAD FIRDAUS

Senior Software Engineer

014-3043514 | fdfrontdev@gmail.com | Balik Pulau, Penang

PROFESSIONAL SUMMARY

Senior Software Engineer with 15+ years of experience building production systems from scratch. Architected and built a full-scale ERP system replacing SAP/Navision for the palm oil industry. Combined expertise in enterprise architecture, full-stack development, AI/ML integration, and team leadership. Self-taught builder who delivers systems that actually work, not prototypes.

CORE COMPETENCIES

- Frontend:** Nuxt 3, Vue 3, Vuetify 3, HTML/CSS, JavaScript
- Backend:** Python, TypeScript, Node.js, FastAPI, REST API, PHP
- Database:** Prisma, PostgreSQL, SQLite, MySQL, Firebase
- AI/ML:** Machine Learning, LLM Integration, Scikit-Learn, TensorFlow
- Systems:** ERP Architecture, System Design, API Design, Headless CMS
- DevOps:** Git, CI/CD, Linux, Server Management

PROFESSIONAL EXPERIENCE

Senior Software Engineer / Head of Software

GlobalIoT Sdn Bhd

2024 - Present

- Architected and built EOIoT - a full ERP system for palm oil refinery operations replacing SAP/Navision at a fraction of the cost.
- Led a team of software engineers, establishing development standards, code review, and deployment pipelines.
- Wore 7 roles: Business Analyst, Project Manager, Solutions Architect, Developer, QA, Support Lead, Mentor.
- Delivered production-ready enterprise software for a government-linked client (Sawit Kinabalu / Kunak Refinery).

Web Developer

ePandu Sdn Bhd

Jan 2022 - 2024

- Built a full-featured job portal platform with merchant subscriptions, generating recurring revenue.
- Built an e-commerce platform from scratch handling product management, payments, and fulfillment.
- Delivered end-to-end: planning, design, development, testing, and deployment for both projects.

E-Commerce Developer

GAMA Supermarket

Jan 2021 - Dec 2021

- Built the company's e-commerce platform from the ground up, enabling online ordering for a major retail chain.
- Managed the e-commerce department and coordinated cross-functional teams.

IT Support Specialist

DISTED College

Jan 2019 - Dec 2020

- Developed library management, ticketing, and knowledge base systems - all built in-house, saving outsourcing costs.
- Automated software audit processes with custom scripts. Maintained ISO 9001 compliance.

Assistant IT Supervisor

GAMA Supermarket

Jan 2016 - Dec 2018

- Led the design and deployment of a new POS system company-wide, modernizing retail operations.
- Built internal ticketing system and knowledge base that improved team efficiency.

Software Engineer

UniKL Resources Sdn Bhd

Jan 2012 - Dec 2015

- Developed a financial system for MARA (government agency) handling complex financial workflows.
- Built web services integrating with e-Perolehan (government procurement platform).
- Extended Microsoft Dynamics AX functionality through custom plugins.
