

Mohamad Firdaus

Senior Software Engineer — ERP/MES, Manufacturing Systems, C#.NET, Python and Full-Stack Delivery
Balik Pulau, Penang · 014-3043514 · fdfrontdev@gmail.com · linkedin.com/in/mohamad-firdaus-mohamad-fauzi-310672294 · github.com/fdfrontdev · fdfrontdev.github.io/web-profile-deploy

PROFESSIONAL SUMMARY

Self-taught software engineer with 15+ years across enterprise systems, ERP/MES, e-commerce, education and workflow automation. Architected and built a production ERP replacing SAP/Navision for refinery operations, including manufacturing execution, supply chain, finance, HR and procurement. Strongest evidence is in C#.NET foundations, Nuxt/Vue/TypeScript, Python, SQL and end-to-end delivery from requirements through support.

CORE SKILLS

Enterprise: ERP architecture · MES / Industry 4.0 · workflow design · system integration · requirements · technical leadership
Engineering: C# · .NET · ASP.NET Core · Entity Framework · Python · TypeScript · JavaScript · REST APIs · FastAPI · Node.js · TDD · CI/CD · Docker
Data and web: SQL Server · MariaDB/MySQL · PostgreSQL · SQLite · Nuxt 3 · Vue 3 · Vuetify · Prisma · Pandas · Scikit-Learn · ChromaDB

PROFESSIONAL EXPERIENCE

- Senior Software Engineer / Head of Software**
GlobalIoT Sdn Bhd

2024–Aug 2026

 - Architected and built the core ERP replacing SAP/Navision for refinery operations across manufacturing execution, supply chain, finance, HR and procurement.
 - Delivered mission-critical production software for a confidential refinery client; downtime represented real operational risk.
 - Led engineers and established code review, CI/CD, development standards, QA, support and mentoring practices.
- Web Developer**
ePandu Sdn Bhd

2022–2024

 - Built a job portal with merchant subscriptions and a full e-commerce platform covering product management, payments and fulfilment.
- E-Commerce Developer**
GAMA Supermarket & Department Store

2021

 - Built an e-commerce platform from scratch and ran product, payments and fulfilment coordination.
- IT Support Specialist**
DISTED College

2019–2020

 - Built library, ticketing and knowledge-base systems; automated audit processes and maintained ISO 9001 support.
- Assistant IT Supervisor**
GAMA Supermarket & Department Store

2016–2018

 - Led company-wide POS deployment and built internal ticketing and knowledge-base systems.
- Software Engineer**
UniKL Resources Sdn Bhd

2012–2015

 - Extended Microsoft Dynamics AX through custom C# plugins for financial workflows and SQL Server-backed data.
 - Built a financial system and web-service integrations for public-sector and e-procurement workflows.

SELECTED EVIDENCE

- Enterprise ERP:** production ERP replacing SAP/Navision; manufacturing execution, SCM, finance, HR and procurement.
- CHRONO:** publicly released C#.NET mod with 526 automated tests, 0 warnings, dependency injection, TDD and a release pipeline.
- Second Brain:** private AI knowledge system with 125,000+ documents, semantic search and knowledge-graph workflows.
- Workflow automation:** practical dashboards, APIs and internal tools designed around real operating processes.

EDUCATION

UniKL MIIT — B.Comp (Hons), Entrepreneurial Management CGPA 3.30 · Dean's List 2x
Yonsei University exchange, South Korea · Best Final Year Project, 2012
